

everyone deserves a safer london

The Safer London Foundation's vision is to make London the safest capital city in the world by working with our partners, London's diverse communities and the Metropolitan Police Service. We provide information, education, funding and support to local communities to enable them to develop safer neighbourhoods through innovative crime prevention and crime reduction projects.

By addressing the factors which can lead to crime, and by building links between community groups, the business world, Government and

the Metropolitan Police Service, the Safer London Foundation strives to foster integration, co-operation and harmony amongst London's many and varied communities.

Our aim is to empower local communities to reduce crime and make London a safer place.

SLF volunteers, who come from all sectors of the community, provide our projects with leadership, skills, knowledge and ongoing support. To enable us to develop 'On Your Street Projects' to reduce

crime, we need to recruit new volunteers with a wide variety of life skills, professional expertise and enthusiasm who want to make London a safer place.

If you would like to make a difference to people's lives, please contact us at:
